- 25X1 1.  Comment.  7 trains were loaded in Bernau on 21 and 22 March, with 5 trains being dispatched to Mirow and 2 trains to Neustrelitz. Available information tends to indicate that elements of the following units of the 6th Gds Mecz Div were entrained: elements of the 35th Gds Mecz Regt, including 15 tanks of the tank battalion, on 21 March; and elements of the 34th Tank Tng Bn (US), including 7 tanks; as well as JS tanks of the 82d Gds Hv Tank SP Regt from Eberswalde, on 22 March. Elements of the 71st Light Arty Brig (US) were simultaneously entrained, presumably in 2 shipments. The observations indicate that, after 22 March, exercises of the reinforced 6th Gds Mecz Div were to start in the Mueritz Lake-Neuruppin area, in which the reinforced 25th Tank Div had conducted exercises between 6 and 10 March.

- 25X1 2.  Comment. Return of a unit of the 71st Light Arty Brig (US) which, on 16 March, presumably left Bernau for the Lieberose area, where maneuvers of the 7th Gds Mecz Div were believed to have been held.
